Preparation for final exam	3	6	18
Time spent in the assessment (tests, final exam, etc.)	1	2	2
Project, presentations ,etc	1	1	1
Total			100 hours (4 ECTS)
Teaching Methodology:	<p>The nature of the Course allows for a combination of a diversity of teaching and learning approaches. You are required to subject them to a critical reflection in order to develop critical thinking. Every instructional methodological approach is open for discussion and modification through common consent and agreement.</p> <ul style="list-style-type: none">- Lectures – Lectures shall be delivered in the classroom in accordance with the schedule published on the webpages of the university. You are encouraged to be as active and engaged as much as possible in all tasks and home assignments. Your participation shall be part of the overall assessment and final grade.- Practical exercises – Exercise classes shall be conducted in the classroom every week.- Individual and group work and assignments – During the conduct of the Course you shall also be required to do individual home assignments. Assignments may be related to the following:<ul style="list-style-type: none">- Translation of related business terminology (glossary) either at home or in class during an exercise session.- Analysis of business emails or case studies done by one of your classmates.- Preparation of more detailed information on a specific theoretical or practical business-related issue covered in class,		

	<p>engaging in a more in-depth explanation, analysis and clarification of that particular issue.</p> <ul style="list-style-type: none"> - A specific Course-related project or case study as proposed by a student or students that will be presented in front of the class as a Power Point or other form of presentation.
Evaluation Criteria:	<p>All forms of assessment have been adapted to evaluate your learning performance as outlined in the preceding, and are based on the Regulation on BA Level Studies available at the university website.</p> <ul style="list-style-type: none"> - Final Exam 50% – The exam shall be held at the end of the semester and in accordance with the schedule that will be published on the university website. The exam shall include 20 questions of different types that cover all the topics and issues discussed during the semester. Questions shall be close-ended, open-ended, and multiple-choice ones, etc. - Mid-term Test 20% – You must take one mid-term test as a way of checking your performance in the middle of the semester. The mid-term test shall be taken on the seventh/eight week of the semester. It shall be in writing. The test shall comprise questions of different types, and cover the topics and issues discussed during the first six/seven weeks of the semester. - Classroom presence and engagement 10%: Your presence shall be registered physically and your participation will be monitored on weekly basis. - Assessment of individual and group work home assignments 20 % – There shall be two home assignments, 10% each. One assignment (done individually) shall be required prior to the mid-term test and the second one (group work) after the mid-term test. You may choose one of the types of assignments indicated in the preceding. If you choose to make an individual or group presentation, you should agree with the professor on the type and topic of chosen assignment. - Final grade: The final grade shall reflect a summation of all the results achieved by each student, as specified in the following assessment table.

Notice:		
PS: In this course you have the opportunity to be creative with your topics. Please take care not to lose your integrity as a speaker (and student) by plagiarizing material. Remember the university 'Code of Conduct', and respect it.		
Academic Policies		
<ul style="list-style-type: none"> - Absence will affect the final grade. The policy is straightforward: If you are absent or negligent, you are responsible for what you have missed. - Students are required to respect the schedule of lectures and be attentive during the lessons. - It is mandatory to have books, when in lessons. - Students must be active and cooperative because the book assigned for the course requires interactive learning and as such seeks continuous collaboration and interaction between teachers, students, books, and technology equipments. - The cooperative environment during the lectures and exercises is primary demand in achieving the objectives and goals set forth in this syllabus. - No usage of phones during the classes and tests/final exam. - Finally yet importantly, full respect for universally recognized academic policies and standards (The Bologna System).
