MISSION & VISION

"Ukshin Hoti" University in Prizren, is a competitive academic institution oriented towards providing quality education by developing scientific research and contributing to innovation, in accordance with the requirements of the labor market and the community where it operates at the local, national and wider levels .

The University builds the vision based on the principle of educational-research values, the comparative advantages of ethnic, linguistic and cultural diversity, with the aim of creating a center of academic excellence which will serve students, researchers and society in the fields of IT , agribusiness and environment, business management and administration, justice, linguistics and education.

OUR WORK FOCUSES ON:

Helping students with academic and career planning

Orientation to improve performance in challenging subjects

Orientation for practical work and employment

Answers to various questions of students for help and advice on other aspects: psychological, legal, etc.

Here are six important questions to ask your academic adviser at the University:

What are the specific requirements for my Study Program and how can I ensure I am on track to graduate on time?

Are there any electives you recommend I take for my degree program?

Can you provide me with information on career opportunities related to my program, and are there internship opportunities available?

Are there tutoring services or academic support resources on campus, and how can I improve my performance in challenging subjects?

What steps should I take as I approach graduation, and are there job search resources or post-graduation plans?

Are there mobility programs or opportunities for students in my study program, and how can I engage in extracurricular activities that match my goals?

These questions cover a wide range of important aspects, including academic progress and career planning to seeking additional support and taking advantage of unique opportunities in your field of study.
